Demand Steering Briefcase in Seismic

The “HPE Demand Steering Campaigns” briefcase includes the latest demand steering campaigns that helps Sellers quickly retire quota and fill customer orders by moving them towards readily available products.

This briefcase is organized by two campaigns High Value Commodities and Structural. It is a repository for Seller-oriented content to navigate specific material constraints, and updates regarding broader Industry Concerns.

We also publish references that are helpful to Sellers, including a regularly refreshed version of the “Do Not Sell” list (long lead-time SKUs to steer away) and links to the Mainstream SKU list.
